

### REMARKS

1. Transmitted herewith under separate cover is a substitute specification for this application. Also included is a marked-up copy of the original specification showing the changes made to the original.

2. Applicant has rewritten claims 1-4, and 6-7 as new claims 8-13 to address the §112 rejections thereof. The Examiner has indicated that claims contain allowable material, and has cited no grounds for rejection of these claims apart from §112.

In light of the above amendments and remarks, Applicant now asserts that all of the grounds for rejection have been traversed or overcome by amendment, and that all of the present claims are in condition for immediate allowance. Applicant therefore requests reconsideration of the objections and rejections, and solicits allowance of the present claims at an early date.

Thank you for your consideration.

Respectfully submitted,
